Dear Members and Friends of WeCanRow-Boston,

We are excited to announce our new partnership with the Boston University Women's Crew!

WeCanRow-Boston became an outreach program of Boston University in September 2009. As you might expect, this partnership presents us with innovative opportunities to bring our program to many more breast cancer survivors in the greater Boston area. We would like to thank Stacy Rippetoe, Head Women's Rowing Coach, for taking the initiative in forming this partnership, Mike Lynch, Assistant Vice President and Director of Athletics at BU and Thomas Bohrer, Head Men's Crew Coach for their enthusiastic support of WeCanRow-Boston. Our members now have access to more equipment that is designed for women and we anticipate that our program will thrive as a result.

WeCanRow-Boston would also like to thank Community Rowing for housing our program for the past 7 years. CRI's support has been critical to the stability and growth of WCR-B. We look forward to a continuing relationship with CRI as we meet their rowers on the river.

Please join us on Facebook and Twitter for pictures, video clips and current information about WeCanRow-Boston events. This Spring promises to be an exciting time as we launch programs for novice and experienced rowers from our new home at the BU DeWolfe Boathouse.
